

Scala grafica:

 Scala numerica:

A photograph of a large, modern interior space, likely a library or museum. The space features multiple levels with curved walkways and railings. The architecture is characterized by its flowing, organic lines and a mix of materials, including wood and metal. The lighting is soft and even, highlighting the architectural details. Several people are visible on the walkways, providing a sense of scale to the large space.

This architectural floor plan illustrates the interior layout of the SS Columbia, showing the ship's hull structure and internal compartments. The plan is oriented vertically, with the bow at the top and the stern at the bottom. The central area is a large, open space, likely the main deck or a large hall, flanked by various rooms and corridors. The layout includes numerous small, rectangular rooms, possibly staterooms or crew quarters, arranged along the sides of the hull. There are also larger, more complex structures, possibly representing the ship's machinery or other specialized areas. The plan is detailed with lines indicating walls, doors, and structural elements, providing a comprehensive view of the ship's interior design.

This architectural elevation drawing depicts the National Stadium in Beijing, also known as the Bird's Nest. The structure is characterized by its complex, grid-like facade composed of numerous vertical and horizontal lines, creating a mesh-like appearance. A prominent feature is the large, spherical dome structure at the top center, which is also covered in the same grid pattern. The building's overall form is elongated and symmetrical, with a series of horizontal bands across its facade. The drawing is a black and white line art representation, showing the intricate details of the building's exterior design.

This architectural section drawing illustrates the internal structure of the National Congress Building in Beijing. The building features a prominent central dome and a multi-level atrium. The drawing shows the building's facade with numerous windows and the internal layout, including a central staircase and various rooms. The drawing is a black and white line drawing, typical of architectural plans.
